Dear Mrs Manley.

Your letter came when I was in the East. I was surprised to note that the schedule reads Newark at Grays for June 21st. It must of been an error in as much as both Clubs are in the East on this date. Now this is the easiest way out. You take the same and get Patterson or some other park in your district or we will go through with it and play in Pittsburg or Homestead. Harrisburg is not available. Please advise immediately. Lenachman wrote me abouts night game Stater Island for June 22nd I O.K'ed this date. If you dont want to play it is all right with us.
